Message from the WotR Rallymasters -

“Workin’ on the Railroad” (WotR) is our third attempt to put back something back into the rally network that provided us with great adventures and permitted us to develop close friendships throughout the riding community. Big Sky Rallies are designed to be “family affairs” which will challenge the most talented *Experienced* riders and at the same time offer an introduction for *New to Sport* riders. We strongly encourage riders to have their families participate and we are thrilled to have non rallying IBA family friends join in the event.

In order to fulfill our objective we have recruited legends of the sport as are depicted in the staff section of the web site. We are honored that Mike Kneebone who we refer to as *The Boss* will be here once again to present a variety of award certificates and share his humor. What’s a rally without a great design? Jeff Earls, one of our personal heroes and one of the most successful rally riders in IBA history has designed a rally that will twist the minds and test the endurance of *Experienced* riders and which will be fun for *New to Sport* riders. Jeff has assured me that no two top ten riders will select the same strategic route. That’s not surprising given the fact that Jeff is designing it that way and the rally playing field will encompass nearly 1,000,000 square miles! Despite this gigantic area each location will be carefully inspected and documented by a highly experienced team of scouts and then each will be double checked.

New to Sport riders will be afforded relaxed requirements such as no minimum miles and much less strenuous scoring rules. Families of riders and Ride to Visit participants will have the opportunity to enjoy a nearly endless array of activities at a Four Star Montana mountain resort with room prices *greatly* reduced. We strongly encourage rallying and non rallying friends to come and see why we have lived here for eighteen years. It is our objective to present a superb rally adventure and to share our home of Big Sky with our friends. We might even get you to come back and share our winter passion skiing with us in the Biggest Skiing in America.

We hope to see you in August!
